

## EDITORIAL PERSPECTIVE

**Rovshan Khalilov, Irade Huseynova, Aziz Eftekhari** (pp.359-361)

Bridging Frontiers: Molecular Insights and Ecological Adaptations in Health and Biodiversity

**Xihuan Zhang, Elina Zakharchenko, Jiao Tang, Ngai Paing Tan, Roman Yaroshchuk, Natalia Kravchenko, Inna Mozharivska** (pp.362-380)

Effects of Biogas Slurry on the Nutrient Content and Soil Enzyme Activity of Lime Concretion Black Soil

**Alfina Petrenko, Elvira Galiakhmetova, Natalya Kudashkina, Svetlana Meshcheryakova, A.A. Sufianov, A.M. Mashkin, Tarana Sultanova, Samira Yagubova** (pp.381-396)

Chromatographic Analysis of Fingerprints and Metabolomic Screening of Compounds in the Rhizomes of *Gynostemma pentaphyllum* (Thunb.) Makino

**Aygun Sadigova, Mahira Mammadova, Tofiq Garagozov, Irada Huseynova** (pp.397-408)

Strategic Adjustment of Nitrogen Compounds in the In Vitro Cultivation of Shirvan Shahi (*Vitis vinifera* L.)

**Nataly Snegovaya, Yuriy Chumachenko, Ihama Kerimova, Hafiz Mukhtarov** (pp.409-426)

Species Diversity and Population Structure of Harvestmen (Arachnida, Opiliones) Communities in the Caucasian State Nature Biosphere Reserve (Russia)

**Topan Setiawan, Iman Permana Maksum, Bimo Ario Tejo, Muhammad Yusuf** (pp.427-447)

Updated Landscape of Mitochondrial DNA Mutations in ND1, ATP6, AND tRNA<sup>Leu</sup>(UUR) and their Association with Lhon, Cancer, and Diabetes

**Ruhangiz Mammadova, Banu Rustamli, Gulara Seyidova, Allah Bakhsh** (pp.448-459)

Effect of Cotton Chromosome Substitution and Reniform Nematode Resistant Lines in Resistance to Non-Defoliating Pathotype of *Verticillium Dahliae*

**Mahfud, Agik Suprayogi, Koekoeh Santoso, Nyoto Santoso, Yunias Jackson Benu, Srihadi Agungpriyono** (pp.460-476)

Morphometric and Nutritional Assessment of Komodo Dragons (*Varanus komodoensis*, Ouwens 1912) on Komodo Island: Implications for Size Variation and Conservation

**Arzu Dadashova, Gulnara Azizova, Rena Rahimova, Narmin Bayramova, Ihama Jahangirova, Farah Mammadova** (pp.477-487)

*MTHFR* Gene Polymorphism and its Impact on Homocysteine Levels in Pediatric Burkitt Lymphoma Patients from Azerbaijan: Exploring Associations with the Folate Cycle

**Leyla Huseynova** (pp.488-498)

Pyruvate Kinase Modulation in the Brain under Stress Factors: Structural, Developmental and Molecular Perspectives

**Athhar Manabi Diansyah, Sigit Bintara, Mashitah Shikh Maidin, Kurniawan Dwi Prihantoko, Syahrudin Said, Aeni Nurlatifah, Herdis Herdis, Muhammad Yusuf, Faheem Ahmed Khan, Rahmat Rahmat, Muhammad Fajar Amrullah, Andi Muhammad Alfian, Abdullah Baharun** (pp.499-510)

Seminal Plasma Proteomes of Indigenous Indonesian Bulls: Insights into Reproductive Biology and Functional Pathways

**A.T. Guliyeva, M.T. Abbasova, A.M. Gadzhiev** (pp.511-518)

Blood Leukocyte Formula in Rats Exposed to Electromagnetic Radiation in Prenatal Development

**Vahid Guvendiyev, Zumrud Abaszade, Dashgin Ganbarov, Sabina Hajiyeva, Elchin Hajiyev, Elshad Gurbanov** (pp.519-536)

Morphological and Biochemical Study of the Species of *Medicago lupulina* L. Distributed In Azerbaijan

**Elchin Abidinov, Jala Zeynalova** (pp.537-546)

Comparative Assessment of *Paramecium caudatum* Viability in Saliva of Obese and Non-Obese Individuals

**Mahsa Javan, Maryam Ebrahimi, Asmar Madatli, Farah Madatli, Rena Karimova** (pp.547-584)

Acetylation and Sirtuins: Molecular Mechanisms Driving Metabolic Flexibility

**Aygun Nasibova, Aygun Alyarbayova, Gunel Maharramova** (pp.585-599)

The Main Directions of Nanotechnology Applications in Medicine

**Aygun Sardarova** (pp.600-620)

Comparative Ecological Anatomical Study of the Structural Adaptation of *Althaea officinalis* L. (Malvaceae Juss.) in In Situ and Ex Situ Conditions

**P.A. Zulfugarova, S.I. Humbatov, A.A. Mekhtiev** (pp.621-628)

Molecular Mechanisms of Adaptation to Desynchronization Stress

**Shahmar Hajiyev, Sabina Hajiyeva, Elchin Hajiyev** (pp.629-649)

Azerbaijani Wild Cherry Plum (*Prunus cerasifera* Ehrh.): Phenological and Morphological Characteristics
