

Research in: Agricultural & Veterinary Sciences

Vol.9, No.3, 2025

Table of Contents

Parisa Ziarati, Pedro Antonio Martin-Cervantes, Yasaman Farokhi Soofi (pp.85-105)

Natural Bioactive Compounds by Vital Role on Detoxification and Promoting Liver Function

Emmanuel U. Anaso, John O. Alagbe (pp.106-120)

Eco-Friendly Feeding Strategies: Effects of Ginger (*Zingiber officinale*) Essential Oil on Carcass Yield and Meat Quality in White Fulani (Bunaji) Bulls

Siala I. Rustamova, Afet V. Suleymanova, Mehdi A. Ali, Tahir Sh. Agaliyev, Elvina B. Rustamova (pp.121-127)

Case Report: Fish Mortality Caused by Severe Pollution in the Baharshor Reservoir, Azerbaijan

Ajogi I. Donken, Alegbeleye B. Modupe, Godwin Enid, Egwu O. Godwin, Anaso U. Emmanuel (pp.128-137)

Detection and Antibigram of Salmonella from Fresh Tomatoes Sold at Selected Markets in F.C.T. Abuja

Parisa Ziarati, Yasaman Farokhi Soofi (pp.138-160)

DNA Modifications in Bacteriophages: Applications in Cystic Fibrosis and Combatting MDR Pathogens

Muzhgan Zamanli, Turkan Zamanli, Shader Alizade (pp.161-168)

Creation of Resistant Genotypes against Fungal Diseases in Wheat using the CRISPR-Cas 9 Method (A Review)

Emmanuel U. Anaso, John O. Alagbe (pp.169-180)

Nutrient Digestibility, Rumen Fermentation and Nitrogen Utilization of Yankassa Rams Supplemented Milne-Rech (*Piliostigma thonningii* Schum) Essential Oil-Based Diet

Aytan Huseynova (pp.181-184)

Sanitary and Hygienic Assessment of Products Obtained from Slaughtering Laying Quails with Diseases of the Egg-Forming Organs
